# Principal's Message

Welcome to Kendriya Vidyalaya School, Longowal. KVS pride itself on being a caring community of learner that fosters pride in each student's developing abilities while promoting social development. We build the essence of community each day in every classroom touching all of our students. We know that no meaningful learning can happen unless students feel safe. We use the Responsive Classroom approach to teach children to act responsibly, take responsibility, and treat each other with respect

Our teachers use a variety of innovative instructional approaches such as Workshop to instill a love of learning and build confident, competent students. This approach naturally differentiates the learning for all students, to meet the individual needs of each child, and to challenge them to be their best. Our goal is not only to promote literacy, but more importantly, to inspire our students to read and write as part of daily life. We focus on enhancing students' ability to think critically and creatively, and to be innovative problem solvers and proficient communicators; to speak and write effectively and clearly – across all subjects.. We are excited that all of our students will be able to participate in this initiative this year, so we can help insure our students develop skills and capacities that contribute to making them successful citizens, and more effective communicators and collaborators to become truly successful in the 21st century

Mr.Sanjay  
Principal(KVS)

I extend a hearty welcome to all the readers of this issue to glance through its pages and witness the budding talents of our children. Academics and co-curricular activities go hand in hand in building the complete personality of a child.

The child leaves his/her comfortable home, comes to school and with the support of parents and teachers makes learning a joyous pleasurable journey. Together the teacher and the taught work -the support of the teacher help to build the foundation of learning and chart the road map for the further horizon.

I wish for all the children a remarkable success in their entire endeavour.

Ms.Heena Saini  
PRT
